

GARDENING FUN

1. With your parents permission, prepare an area in your back yard for a flower garden.
2. Go to a flower nursery and purchase 4 packs of flower seeds and also 4 small potted flowers.
3. Learn the names of some hand tools that you will be using for this gardening project.
4. Plant the flower seeds and water according to the instructions on the back of the pack.
5. Plant the potted flowers in the ground and water them.
6. Do a report on the growth of both the seeds and flowers daily until the seeds begin to bloom.
